Dallas Cowboys Stadium

Arlington, Texas

LightWild Products: LightWild Tiles

Twenty-two LightWild Tiles (4-inch or 100 mm diameter) line the pathway of the "Event Level Club" in the Dallas Cowboys Stadium in Arlington, Texas. The pathway connects the Dallas Cowboys locker room and the field.

Project Design Credits

Lighting Designer: ME Engineers/Illume Lighting Division, Steve Peterson, Lead Lighting Designer. Architect: HKS Sports & Entertainment Group. Project Manager for Interiors: Mark Timm
